IBM Security Systems - Security Intelligence

Basic

Proficient

Optimized

Security Intelligence

Log Management	QRadar Log Manager
----------------	--------------------

SIEM	QRadar SIEM, IBM Sec. Intel. w/ Big Data
Flow Analytics	QFLOW/VFLOW
GRC	Open Pages

Forensics	QRadar Incident Forensics, I2, Identity Insight
Predictive Analytics	QRadar Risk Manager

Fraud Protection

Customer Fraud	Trusteer Rapport
----------------	------------------

Criminal Fraud	Trusteer Pinpoint
----------------	-------------------

Mobile Fraud	Trusteer Mobile Risk Engine
--------------	-----------------------------

People

Directory management	Directory Integrator Directory Server
----------------------	--

User Provisioning	Identity Manager zSecure
Access Management	Access Manager family Federated Identity Manager

Identity governance	Identity Manager/RaPM
Fine-grained entitlements	Security Policy Manager
Privileged user management	Privileged Identity Manager

Data

Encryption	InfoSphere Guardium Encryption Expert STG Solutions PGP (GTS)
------------	---

Database Activity Monitoring	InfoSphere Guardium
Test Data Masking	Optim Data Masking
Data Loss Prevention	TEM for Core Protection; GTS partnerships

Data Discovery and Classification	InfoSphere Discovery
Encryption Key Management	Key Lifecycle Manager

Application

Dynamic Vulnerability Analysis	AppScan Standard
--------------------------------	------------------

Static Source Code Scanning	AppScan Source
Web Application Protection	IPS, XGS, DataPower

Hybrid Scanning and Correlation	AppScan Enterprise
---------------------------------	--------------------

Infrastructure

Network Security	Network IPS
Host Security	Host Protection, RACF
Anti-Virus	Endpoint Manager for Core Protection

Endpoint Security Management	Fiberlink, Endpoint Manager, zSecure
Virtualized	Virtual Server Protection (VSP), VFLOW
Professional Assessment	GTS and BPs, QRadar Vulnerability Manager

Advanced Malware Protection	Trusteer APEX
Multi-faceted Network Protection	XGS
Managed Security Services	GTS and BPs
